

Bachelor's/Master's Suggested Plan of Study
Department of Economics, Terry College of Business
University of Georgia
Revised March 2011

Years 1-2

Students must take or earn A.P. credit for at least one course in each of these 2 groups:

Group 1

MATH 2250 Calculus I for Science and Engineering
MATH 2300H Differential Calculus (Honors) (4 credits)
MATH 2400H Differential Calculus with Theory (Honors)

Group 2

MATH 2260 Calculus II for Science and Engineering
MATH 2310H Integral Calculus (Honors) (4 credits)
MATH 2410H Integral Calculus with Theory (Honors)

Students must take one of the following options

Option 1

MATH 2500 Multivariable Calculus
MATH 3200 Introduction to Higher Mathematics***
MATH 3000 Introduction to Linear Algebra

Option 2

MATH 3500 Multivariable Mathematics I (Honors)
MATH 3510 Multivariable Mathematics II (Honors)

Option 3

ECON 8000 Mathematical Analysis for Economists

Year 3

Fall

ECON 8010 Micro Theory I
STAT 4510/6510 Math Stat I

Spring

ECON 8020 Micro Theory II
*STAT 4520/6520 Math Stat II
*ECON 8080 Intro to Econometrics

Year 4

Fall

ECON 8040 Macro Theory I
ECON 7000 Master's Research
Electives (if needed)

Spring

ECON 8050 Macro Theory II
ECON 7300 Master's Thesis
Electives (if needed)

Notes: This template shows how to complete the entire program in four years. However, students usually take five years to complete the requirements.

In the spring of Year 2 each student should meet with the Graduate Coordinator and Honors Advisor and complete the Honors Application and Proposed Plan of Study.

Students are permitted to take no more than 12 graduate credit hours before being fully admitted by the UGA Graduate School.

* Although we permit students to take STAT 4520 contemporaneously with ECON 8080, some of 8080 utilizes concepts that are taught throughout 4520.

***MATH 3200 is a prerequisite for MATH 3000.
