EARN YOUR GEORGIA ANALYTICS DEGREE IN JUST 10 MONTHS.

Put yourself on the path to a high-demand, high-potential career in analytics. The Master of Science in Business Analytics (MSBA) is a one-year interdisciplinary program to help you develop technical expertise in collecting, analyzing, and interpreting big data in a business context.

- Acquire the quantitative, technical, and business skills employers demand.
- Gain hands-on data experience through capstone projects with leading organizations.
- Learn from our world-class faculty, nationally recognized for their research, teaching, and service.
- Join the Terry College of Business alumni network of more than 70,000 graduates in over 80 countries.

Discover the MSBA Program at GeorgiaAnalytics.com.
EXPERIENCE THE MSBA CURRICULUM.

YOU’LL LEARN TO:

SYNTHESIZE DATA
Develop technical expertise in collecting, analyzing and interpreting big data.

GENERATE INSIGHTS
Master collection, storage, analysis, interpretation and visualization of data for corporate decision-making.

RECOMMEND STRATEGIES
Develop leadership, project management and communication skills.

Launch your career in a data-centric economy through jobs like these:

Business Analyst
Data Analyst
Data Analytics Consultant
Data Scientist
Marketing Analyst
Senior Analyst
Operations Analyst
Supply Chain Analyst
Each spring semester, capstone projects enable MSBA students to put their technical and storytelling expertise into practice. These 15-week experiential learning projects allow students to work closely with companies to address real-world business problems with data-driven solutions.

Your project team will:
- Gather and analyze data to draw conclusions that inform business decisions
- Prepare an implementation plan
- Deliver an executive summary to company leaders
