

DIVERSITY & INCLUSION PROFESSIONAL CERTIFICATE

A LACK OF INCLUSION IS A QUANTIFIABLE RISK . . . MANAGE IT!

Can your organization measure D&I, identify opportunities to improve, and implement them? The key to these skills is gaining an understanding of ISO-30415:2021 by earning a Diversity & Inclusion Professional Certificate from UGA Executive Education. This program is presented in partnership with Inclusion Score, the operating system for assessing D&I organizational risk. With training from established experts in this area, you'll learn to minimize risk by creating inclusive business processes -- from hiring practices to communications to supplier diversity. Upon completing the program, you'll receive a certificate verifying your understanding of ISO-30415:2021 and certification by Inclusion Score.

STRUCTURE & TAKE-AWAYS

This asynchronous online program introduces the ISO-30415:2021 standard via the D&I Service Management (DISM) Lifecycle framework. The program features weekly live sessions with internationally recognized lecturers, Q&As to demonstrate the Inclusion Maturity Model Integration (IMMI) and uses cases across organizational governance, product delivery, human resources, and supply chain management.

- May 31, Orientation: Program Overview
- Week 1, June 7: Understanding the 32 Risk Domains
- Week 2, June 14: Maturity Models
- Week 3, June 21: Defining the 27 Diversity Types
- Week 4, June 28: Preparing for Certification Exam
- This program requires asynchronous online work for 2 to 4 hours per week using an Inclusion Score case study application activity.
- Participation is expected in weekly live remote sessions from 12:00 to 1:30 p.m. EST on June 7, June 14, June 21, and June 28.

Total Program Cost: \$1250 Per Person
