Chapter 1: Getting Started

Introduction
Welcome to the MS in Business Analytics program at the University of Georgia. We are excited you have chosen to be a member of the class and look forward to guiding you on your journey. As a Georgia MSBA student, you hold an important place in Terry College of Business and this guidebook can serve as a primary resource to assist you through the program. MSBAs are often called upon to lead industry projects, meaning strategize business solutions, and to mentor younger, less experienced undergraduate students. This program will not only get you a seat at the table – but it will keep you there. With the benefit of small class sizes, you have exponential resources at your fingertips along with a growing network of alumni to help you reach your career goals. Our missions are the pursuit and dissemination of knowledge to educate and inspire future leaders and promote the effective and ethical practice of business. We are committed to providing innovative and market-leading programs that prepare our graduates to be leaders in their organizations and communities. In doing so, we contribute to the intellectual and economic development of our state, nation, and world.

Today’s organizations have seen a quantum leap in the amount of relevant data available for decision making. Stronger focus on managing internal business processes creates more internal data, and external data from a myriad of sources is now available on the internet. This internal and external data is increasingly being “mined” to improve insights about customers, competitors, and internal operations. The implementation of mass sensor networks to provide data to address environmental sustainability issues will add to this data deluge.

The insights gained from data analysis can help organizations make better decisions, all the way from the boardroom to the customer-facing employees. Better decisions mean better organizational performance. Businesses are seeing talent and experts that can collect and analyze data to interpret, predict, and visualize the information for future growth. The demand for employees with the skills and understanding in this realm is growing fast, and not likely to subside.

Incoming Student “To-Do” List
The University ID number is the 810 or 811 number assigned to you upon application to UGA. You will need this student number to access and navigate many university systems.

UGAMail
The University of Georgia has partnered with Microsoft to provide its students, faculty, and staff with UGAMail. Powered by Microsoft’s Office 365, UGAMail features robust online communication capabilities including email and integrated calendar. Log in using your MyID and password. For assistance with setting up your email, please visit the Enterprise Information Technology Services (EITS) website at: https://eits.uga.edu/.
Immunization Forms
Immunization forms must be completed and turned into the University of Georgia Student Health Center prior to registering for courses. Students should have all required vaccinations and records forwarded to the Student Health Center prior to Orientation. For more information, please visit the Health Center website at: https://healthcenter.uga.edu/.

Parking Permits
If you plan to drive a car, motorcycle, or scooter to campus, you will need a UGA parking permit. Information and instructions are on the Parking Services website. Parking spaces for cars are assigned based on a priority system. Students who are admitted and apply for parking before June 30 will be placed in the initial pool of campus students, faculty and staff for allocation of space. Students may also wait until they arrive to apply for a parking permit.

Verification of Lawful Presence
UGA must verify that you are lawfully present in the United States before allowing you to enroll. If you have already completed and submitted the Free Application for Federal Student Aid (FAFSA) and named UGA as a recipient, then you may not need to take further action. All other students will need to follow instructions as listed on the Graduate School’s website: http://grad.uga.edu/index.php/incoming-students/information-for-new-students/university-system-of-georgia-residency-policy/

Pay Fees
Depending upon when you register for classes, there will be a deadline for payment of fees. Missing one of these deadlines may result in late fees and/or cancellation of classes. Billing information is sent to your UGA email account. Your student account is accessible at MyUGA Portal. If you have a graduate assistantship, you may deduct your fees from your paycheck. Contact the Bursar’s Office for questions regarding your account.

UGA OneCard
The UGA OneCard is the official University of Georgia identification card for students, faculty, staff, official campus visitors, and their dependents. It is your key to accessing many facilities and services throughout campus. You must be registered for the current semester in order to purchase and use the OneCard. It is non-transferrable and can only be used by the student to whom it is issued. Misuse of the OneCard may result in disciplinary action by University Judiciary. Some departments require a proximity card for access to buildings and labs. Proximity cards are issued only with a signed authorization form from your department. Refunds or adjustments will not be given if you purchase the wrong type of card. For more information on a OneCard with Correll Hall proxy access, please visit https://tate.uga.edu/ugacard/.

Health Insurance
The University System of Georgia provides eligible students with access to a comprehensive and competitively priced Student Health Insurance Plan (SHIP). Health insurance coverage can assist you with your medical and prescription needs. Please visit the Student Health Insurance website for more information.
UGA Mobile App
The UGA Mobile App is the official mobile app for the University of Georgia, where students, staff, faculty, and visitors can find campus resources and learn more about the University.

The app allows users to track buses on and off campus, learn about the dining facilities, login to various academic resources, check parking deck occupancy, and so much more!

Student Technology Guide
Now that you’ve arrived on the University of Georgia campus, there are plenty of technology tools to make learning, teaching, working and living at the University easier. EITS, the central IT department at UGA, has a guide for key technology services for you and a checklist for getting connected.

eLearning Commons http://elc.uga.edu/
eLearning Commons (eLC) is the learning management system for the University. You will be allowed access to your courses in eLC the day prior to the first day of class. Students are responsible for accessing eLC for assignments, messages, and class documents as instructed by each professor. If you are new to eLC, you can familiarize yourself with the platform through this tutorial: http://elc.uga.edu/student_orientation.

Registration
Students register for classes in ATHENA, https://sis-ssb-prod.uga.edu/PROD/twbkwbis_P_GenMenu?name=homepage. ATHENA provides access to class schedules and the course catalog. Athena is the University of Georgia student information system, in which students may register for classes, visit the Financial Aid website, view course descriptions, and see the current schedule of classes.

International Students
Student Visas
The University of Georgia Graduate School issues the I-20 and University of Georgia acceptance letter to newly accepted international students. On their website (http://international.uga.edu/issis/), you will find information, resources, and general tip sheets to facilitate your admissions processing and visa application.

Office of Global Education (OGE)
Once you arrive on campus, the Office of International Education (OIE), which houses UGA’s International Student, Scholar and Immigration Services (ISSIS), is responsible for all immigration and travel matters for international students and scholars at UGA. The telephone number for the Office of Global Education (OGE) is 706-542-2900.

Address:
1324 South Lumpkin St. Athens, GA 30602

International Student Life
The International Student Life (ISL) Office assists international students at UGA with cross-cultural adjustment and integration into UGA’s higher education community. The
ISL office assists international students in their initial adjustment to the university and Athens community through interactive programs, distribution of information, and advising on personal matters, such as initial housing assistance, adjustment to the local environment, and referral assistance. The ISL office also works with over 30 international student organizations, which provide an extended support system for all new international students.

ISL Address:
210 Memorial Hall (0670)
706-542-5867
http://isl.uga.edu

**International Student Organizations**
ISL currently advises approximately 30 International and Multinational Clubs each year. For a listing of current clubs, please visit their website at [http://www.uga.edu/isl](http://www.uga.edu/isl). Active ISL groups fluctuate depending on current student interests and needs each semester. UGA students are encouraged to participate in ISL student organizations.

Contact ISL for the most current information concerning which International Student Organizations (ISOs) are active this semester.

**English Language Assistance**
Students requiring English language assistance can contact the UGA Office of Academic Enhancement on the web at [www.uga.edu/dae](http://www.uga.edu/dae) to schedule an appointment online or by telephone at (706) 542-7575.

The Office of Academic Enhancement offers two types of appointments; both are FREE to UGA students:

*Peer tutoring* – conversational ESL tutoring by UGA undergraduates who work with up to three students at a time.

*Writing tutoring (and beyond)* – writing tutoring goes well beyond its title. Most writing tutors are more experienced than the peer tutors and have 10-30 years of experience teaching English as a first and second language, so students often ask them to help them prepare for conference presentations, etc. They also have the discretion to use the time to help students with speaking if students request it.

**Health Insurance**
All international students must be covered by adequate health insurance. Health insurance is not mandatory for dependents although it is highly recommended. International students are required by the university to subscribe to the university recommended health insurance policy unless they provide proof of comparable coverage. Health and hospitalization coverage are required by the university because of the high medical and hospitalization costs in the U.S.

The UGA health insurance policy has been designed to meet the needs of students and their dependents at a minimum cost. In order for the insurance to be in effect, students must also pay the student health service fee (for use of the Health Center Service) during the semester that they subscribe to the health insurance.
Call 706-542-2222 or visit http://www.hr.uga.edu/student-health-insurance for more information on UGA health insurance.

Health Services
Medical services in the U.S. are expensive, so we recommend that you get a thorough physical examination before you arrive. We also advise you to get a TB test. Bring all the reports along with you to the US.

Dental care and eye care are not covered by the Student Health Insurance policy. If you wear eyeglasses, get your eyes examined and bring the prescription with you. Carry extra glasses/contact lenses as these are exorbitantly priced here. Make sure you get a dental checkup done prior to coming to the US.

Get your MMR shots in your home country and the physician's signature on the Immunization Form that you have received.

Before you can register for classes, you must submit your health history, patient agreement, and proof of certain immunizations to the UGA Health Center. For forms required of newly admitted students, please visit http://www.uhs.uga.edu/appts_forms/forms.html. Once your forms have been received, the Health Center staff will clear you to register for classes.

Tuition and Fees
To see tuition and fees for the current academic year, go to http://www.bursar.uga.edu/tuition_fees.html.

Each student has their own UGA Student Account that provides specific information about the fees and tuition you must pay each semester. Go to https://studentacct.uga.edu/PCSA/index.jsp for complete details on how and when to make payments and to manage your student account.

Financial Aid Resources
If you are not a resident of the state of Georgia, confirm that non-residents are eligible to apply for listed programs/scholarships below before submitting your application!

Intercultural Affairs at UGA
http://msp.uga.edu/resources/scholarships.html

International Student Life
International Student Life has a list of scholarships specifically for international students. Application deadlines vary and each scholarship/award program has its own set of criteria. Interested students may contact ISL for more information about this list.

Office of Global Education (OGE)
The Office of Global Education (OGE) has a special Out-of-State Tuition Waiver Program which allows international students to pay only in-state tuition. This is not a scholarship and there are specific criteria that a student must meet in order to obtain the ROOST waiver.
• Typically, students will not receive the waiver until after they have studied at UGA for two years.
• Additionally, there may be limitations regarding how many times a student has access to this waiver.
• Contact OGE for more information.

Housing
International Student Life assists new and transfer international students with finding housing in the Athens community. The following section will include information concerning both temporary and permanent housing options. Please contact the ISL Office if you need assistance or have any questions.

Temporary Housing
Accommodations in Atlanta
Atlanta was designed for car drivers, so there is limited public transportation. If you arrive after the last Groom Transportation Shuttle has left for Athens, we recommend that you find a hotel close to the airport to stay for that night. Visit the Hartsfield-Jackson Atlanta International Airport Website for specific information about hotels close to the Atlanta airport. Try to plan ahead in case you do need to stay in Atlanta overnight by taking hotel information with you before you leave your home country. Also be sure to ask if the hotel offers a free shuttle service to pick you up at the airport and to take you back the next day so you won’t have to pay for a taxi.

Athens & UGA Temporary Housing
There are a number of temporary housing options in the Athens community. The University of Georgia has a hotel on-campus called the Georgia Center Hotel. Visit their website for more information concerning availability and prices. Students may also choose to stay in a local hotel while they are searching for permanent housing, although this option may be expensive depending on the length of your stay. Be sure to ask for price information before making a reservation. Also, ask if they have any discounts or special rates for the time you will be staying with them (for UGA students, etc.).

International Student Organizations
Students may wish to contact an international student organization from your home country for temporary housing. Sometimes these groups are able to assist with temporary housing for new international students. Contact International Student Life for more information.

Permanent Housing Options
Many international students who attend the University of Georgia find it difficult to secure off campus housing from overseas because they need time in Athens to look to see what is available, what is cost effective, etc. Most graduate students live off campus or, if there is space available, they choose to live in Family and Graduate Housing. The Family and Graduate Housing web site will also provide you with helpful information -- www.uga.edu/housing. Please be aware that UGA Family and Graduate Housing may be full when you apply. If it is, you will need to search for off campus housing for you and your family.

You may wish to research apartments on the internet. The following sources can be quite helpful: Athens Apartments, Athens Banner Herald (see the Classified Section),
The Flagpole, Athens Community Magazine (see the Classified Section), The UGA Student Newspaper, Red and Black (see the Classified Section).

ISL also has a housing board in their office where individuals can post information concerning housing options. Individuals who already have housing and who are looking for a roommate will put their information on this board. Additionally, people who do not have an apartment, but are looking for a roommate post information as well. There are also several other places on campus that provide this kind of information.

ISL staff will help you access these postings after you arrive on campus. New students typically do a great deal of their housing research once they arrive in Athens in order to be able to see the location and facility. We strongly recommend that you view a location before signing a contract with any facility online from overseas. Many students find that apartments that seem to be wonderful options may not suit your needs once you arrive and have the opportunity to see it in person.

Also keep in mind that public transportation in Athens is not very extensive. City buses stop running at 6 pm during the regular week and have a reduced weekend schedule. If your apartment is far from campus and you need to stay late at UGA (after 6 pm) to work on projects, attend group meetings, research in the lab, etc., you may need to find an alternate way home if your primary method of transportation is with the city bus system.

**Airport Transportation**

*Atlanta Airport Pickup*

The Groome Transportation shuttle from the Atlanta Airport to Athens, is the most cost-effective method of transportation. [http://www.groometransportation.com/athens.php](http://www.groometransportation.com/athens.php).

Sometimes, student members of the ISL international organizations can provide transportation from Atlanta to Athens. Please use email to contact and correspond with the President of an appropriate International Student Organization to determine if Atlanta airport pick up is possible. Contact information and email addresses for ISL international organizations can be found within the student organizations section on the ISL website. ISL is unable to provide transportation from the Atlanta airport to Athens for MBA students.

**Other Important Information**

Keep copies of your passport, visa and I-20/IAP-66, keep one with yourself and leave one at home with your family, just in case. Keep all important original documents in your carry-on luggage (cabin luggage) and not in the check-in baggage.

**Orientation**

**Mandatory** Georgia MSBA Orientation is approximately one week prior to the start of the fall semester. Students should arrive to campus early, allowing adequate time to move into either off-campus or on-campus housing and to set up utilities.
MSBA Foundations Boot Camps (Non-Credit)
These faculty-led online preparatory courses prepare you for the challenging year ahead. The Office of Student Engagement will provide you with access to the courseware in May.

International Students: Upon arrival in the United States, please complete immigration check-in and orientation online through compass.uga.edu. You will receive an instruction email from Immigration Services. This is required before you can register for classes.

Graduate School New Student Orientation & Information Fair
The Graduate School looks forward to welcoming all new graduate students at the Fall New Graduate Student Orientation and Information Fair. This is an optional event, but it can be useful in becoming oriented with UGA. Orientation is an opportunity for students to learn about key components of their graduate education experience from the Graduate School and representatives of key campus units. More information found at, https://grad.uga.edu/index.php/incoming-students/orientation-info-fair/.

Advisement
The Office of Student Engagement is eager and always willing to answer questions and assist you with registration and enrollment matters. If you are having difficulty in a particular class, there are campus resources available to you. Do not hesitate to ask your professor for additional help if you are not able to keep up with the pace of class. They have scheduled office hours for precisely this purpose and expect students to use that time to seek out their help as needed. The Office of Student Engagement will communicate to the class about fall and spring courses to include elective options.

Refunds
No refund for a reduction in hours due to individual course withdrawals is authorized. Only credit hour reductions affected by the drop/add process will generate a refund.

To view the refund policy as outlined in the current UGA Bulletin, go to http://www.bulletin.uga.edu.
Chapter 2: Curriculum

Program Structure
The Master of Science in Business Analytics (MSBA) is a one-year interdisciplinary program to help you develop technical expertise in collecting, analyzing, and interpreting big data in a business context. For international students, the program's STEM-certification provides eligibility for a three-year U.S. work permit upon graduation.

The MSBA program involves two semesters of study (33 total credit hours). During the program, you will develop expertise in the collection, storage, analysis, interpretation, machine learning, and visualization of data, as well as learn the predominant programming languages in the field, namely SQL, R, and Python. Efficient processing of large quantities of data via platforms like Hadoop and SAS will be included. Business courses in analytics, marketing, economics, and strategy will provide you with frameworks to turn data analyses into business insights. You will also develop leadership, project management, and teamwork skills; as part of the Capstone Project, you will work in teams on real-world big data problems with a corporate partner and present project results to executive clients.

Experiential Learning Opportunities (Capstone Projects)
The Director of Student Engagement works with the Career Management Center to cultivate projects and engagement opportunities that enable students to gain valuable experience and knowledge specific to their target industry. Common activities include: Industry days, case interview preparation, mock interviews, case competitions, market treks, and additional industry specific trainings designed to support students in their job search. Our purpose is to supplement knowledge and experience gained in the classroom by providing additional opportunities that result in a well-rounded perspective and skill set to prepare students for a career in their target industry by building relevant skill sets, expanding networks, and remaining current on the latest industry developments.

Graduation Requirements for the MSBA Program
MSBA students must meet all requirements to satisfy graduation requirements.

Number of Hours
The total credit hours required for graduation from the MSBA program is 33 graduate-level credit hours at the 6000 level or above.

Grade Point Average Requirement
The minimum required grade point average is 3.00. Students must earn a grade of C or better in each course that is listed on the Program of Study.
### Summer Prep

**Coursework (Non-credit/online)**

- Introduction to Programming with R
- Introduction to Programming with Python
- Statistics
- Career Readiness

### Required Courses

#### Fall Semester (18 hours)

- MIST 6360: Introduction to Business Analytics (1.5 credit hours/online)
- ECON 7710: Intro to Causal Inference (1.5 credit hours)
- ECON 7720: Machine Learning & Prediction (1.5 credit hours)
- ECON 7950: Competitive Strategy and Structure (3 credit hours)
- MIST 7600: Data Management & Analytics (3 credit hours)
- MIST 7770: Business Intelligence & Analytics (3 credit hours)
- BUSN 7900: Communications Tools for Career Effectiveness (1.5 credit hours)
- Elective (3 credit hours)

#### Spring Semester (15 hours)

- MIST 6380: Advanced Data Management & Analytics (3 credit hours)
- ECON 6760: Time Series Analysis (3 credit hours)
- MIST 7990: Capstone Project (3 credit hours)
- Elective (3 credit hours)
- Elective (3 credit hours)

### Program of Study Form

A Program of Study form must be completed and included in the application for graduation to the UGA Graduate School at the beginning of spring semester. Deadlines for submission and assistance in completing this paperwork will be provided by the Director of Student Engagement, but it is the student’s responsibility to work with the Graduate School to ensure that proper procedural paperwork is filed by the deadlines set by the Graduate School. Incorporate these deadlines into your working calendar. This will be communicated by the UGA Graduate School and the Director of Student Engagement.
Chapter 3: Academic Policies

Formal policies are created and implemented by various committees in the University System of Georgia (USG), including UGA’s Graduate School, Terry College, and the MSBA Program to ensure a fair and consistent experience for students. By adhering to the following policies, we unite in the spirit of our collective goals and program culture.

**Enrollment**

All enrolled students pursuing graduate degrees at the University of Georgia must maintain continuous enrollment from matriculation until completion of all degree requirements. Continuous enrollment is defined as registering for a minimum of three (3) credits in at least two semesters per academic year (fall, spring, and summer), including the 3 hours of Graduate credit that is required for registration during the semester in which degree requirements are complete, until the degree is attained, or status as a degree-seeking graduate student is terminated. This policy specifies a minimum for maintaining status as a degree-seeking graduate student only. It does not supersede the minimum enrollment requirements of other programs, offices, or agencies. The Georgia MSBA Program is structured to be a full-time, cohort-based program completed in two concurrent semesters.

**Leave of Absence**

A leave of absence provides a mechanism for students experiencing unusual circumstances to be exempt temporarily from the continuous enrollment policy. A leave of absence requires approval of the MSBA Program Director and the Dean of Graduate School. A leave of absence will be granted only for good cause such as serious medical and health-related issues, major financial and employment issues; pregnancy, childbirth, child care, elder care, and other significant family issues; and other major personal circumstances that interfere with the ability to undertake graduate study.*

An approved leave of absence stands in lieu of registering for the minimum of 3 credits for each semester for which the leave of absence is granted. During a leave of absence, students may not use UGA facilities, resources, or services designed or intended only for enrolled students; receive a graduate assistantship, fellowship, or financial aid from the University; or take any UGA courses related to their program of study. An approved leave of absence does not stop the clock unless the leave is granted for pregnancy, childbirth or adoption (see below): time on leave counts toward any University, Graduate School, or program time limits pertaining to the degree being sought.

*Pregnancy, Childbirth, and Adoption: Time spent on an approved leave of absence due to pregnancy, childbirth, and/or adoption of a child under six years of age will not count toward time limits governing their graduate degree.

It is the student’s responsibility to apply for a leave of absence in timely fashion. An approved leave of absence does not exempt students from the enrollment requirements of other programs, offices, and agencies such as the Veterans Administration, Immigration and Naturalization Service, and federal financial aid programs. Eligibility for certain types of financial aid, including graduate assistantships, requires enrollment for more credits than the Continuous Enrollment Policy.
A student may apply for a leave of absence before or during any semester in which they are not registered for courses. Application for a Leave of Absence must be received by the Graduate School Office of Enrollment Services on or before the last day of classes for the semester for which it is requested. A leave of absence will not be granted retroactively after the end of a semester.

A student may request a leave of absence for one semester, two consecutive semesters, or three consecutive semesters (summer semester included). There is a 12-month limit for any one request of leave of absence. A student may submit multiple requests for a leave of absence subject to a 3-semester limit for master’s students.

**Monitoring and Compliance**

After the last day of each semester, any degree-seeking graduate student who has not maintained continuous enrollment by registering for the required credits or obtaining an approved leave of absence will lose their status as an enrolled graduate student. The Graduate School will notify suspended students of this action in writing within thirty (30) days of the start of the next semester.

Students who wish to resume graduate study must: (a) re-apply to the Graduate School for admission and pay required application fees. Re-admission is not guaranteed and requires approval of the student’s former program, (b) pay a re-enrollment fee equivalent to registering for 3 graduate credits at the current in-state tuition rate for each non-enrolled semester, including summer, up to a maximum of 9 hours.

Students may appeal actions resulting from violation of the Continuous Graduate Enrollment Policy or denial of a requested leave of absence by submitting a request in writing to the Dean of the Graduate School. The appeal should include documentation of unusual and extenuating circumstances that could justify an individual exception to the policy. A negative decision by the Dean of the Graduate School may be appealed to the Administrative Committee of the Graduate Council.

**Withdrawals**

Students who wish to withdraw from a course may do so by following the appropriate procedure through Athena, while giving proper notice to the instructor of the course and the Director of Student Engagement.

**Enrollment Status**

Students who withdraw from a course should be aware of the fact that a reduction in their course load because of withdrawal may affect their assistantship, financial aid, athletic eligibility, and/or full-time student status. Students should contact the appropriate office if they have questions about the impact of their withdrawal from a course.

**Grade Assignment**

A graduate student who withdraws from a course or is withdrawn by the instructor for excessive absences prior to the midpoint of a semester is assigned a grade of W by the instructor. A student who withdraws or is withdrawn for excessive absences after the midpoint of the semester (date to be specified in the Schedule of Classes) is assigned a grade of F, except in those cases in which the student is doing satisfactory work and the
withdrawal is recommended by the Office of Student Affairs because of emergency or health reasons.

**Grade Reporting System**
The grading scale for graduate students is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Scale</th>
<th>Numerical Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td></td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td></td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td></td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>Satisfactory</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td></td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>Not accepted as a passing grade; 1.7 on MSBA program of study</td>
<td></td>
</tr>
<tr>
<td>D</td>
<td>Not accepted as a passing grade; 1.0 on MSBA program of study</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0.0</td>
</tr>
</tbody>
</table>

The withdrawal from a course under these circumstances is equivalent to a failure. The symbol W will be assigned for withdrawals after the midpoint of a grading period in cases of hardship. A determination that a hardship exists must be made by the Office of the Vice President for Student Affairs and communicated to the Graduate School.

**S/Satisfactory – Not Computed**
The S designation indicates that credit has been given for completion of degree requirements other than academic course work. The grade of S must be assigned in thesis and dissertation courses (7300, 9300), where student performance or progress is satisfactory. The use of this symbol is approved for seminars, applied projects, problems, internships, practicum, and research courses. Credit earned with an S grade will become part of cumulative hours earned, but the grade will not be included in the calculation of academic averages.

**U/Unsatisfactory – Not Computed**
The U designation indicates unsatisfactory performance or progress in an attempt to complete degree requirements other than academic course work. The grade of U must be assigned in thesis and dissertation courses (7300, 9300), where student performance or progress is unsatisfactory. The use of this symbol has been approved for seminars, applied projects, problems, internships, practicum, and research courses. No credit is earned by a U grade. The grade is not included in the calculation of academic averages.

**A/S – Not Computed**
This symbol indicates that both A-F and S/U grading systems are permitted in a course. Such courses are identified in their course description and are limited in number. The instructor should explain the conditions for the use of both grading systems at the beginning of the course.

If a student does not receive a grade in a course for which he/she enrolled, one of the following designations must be placed on the student’s record:
I/Incomplete – Not Computed
This letter indicates that a student was doing satisfactory work, but for nonacademic reasons beyond his/her control, was unable to meet full requirements of the course. When an incomplete grade in a graduate course (courses numbered 6000 and above) is not removed within three semesters (including summer), the I automatically becomes an F. Once a grade of Incomplete (I) converts to an F, it remains an F.

W Withdrawal – Not Computed
This grade indicates that a student was permitted to withdraw from a course and was passing the course at the time of the withdrawal. Withdrawals with a passing grade will not be permitted after the withdrawal deadline of the semester (date to be specified in the Schedule of Classes) except in cases of hardship as determined by the appropriate official.

V/Audit – Not Computed
No credit is given for an audit. Students may not transfer from audit to credit status or vice versa after the closing of the drop/add period of each semester.

ER/Error – Not Computed
This symbol indicates an error in reporting. If not removed after one semester, the ER becomes a grade of WF. Upon receiving a grade of ER, the student should consult with the course instructor.

UGA Academic Honesty Policy
The University of Georgia seeks to promote and ensure academic honesty and personal integrity among students and other members of the University community. Academic honesty is defined broadly and simply - the performance of all academic work without cheating, lying, stealing, or receiving assistance from any other person or using any source of information not appropriately authorized or attributed. All members of the University community are responsible for creating and maintaining an honest university, and all must work together to ensure the success of the policy and code of behavior. All members of the university community are responsible for knowing and understanding the policy on academic honesty. The goals of the honesty policy are to:

1. Foster a culture of academic honesty in the university community.
2. Maintain the integrity and academic reputation of the university.
3. Process fairly and consistently matters related to academic dishonesty.

The complete policy is available through the Internet at:
http://ovpi.uga.edu/academic-honesty/academic-honesty-policy

The academic honesty policy of the university is supplemented (not replaced) by an Honor Code which was adopted by the Student Government Association and approved by the University Council May 1, 1997, and provides: "I will be academically honest in all of my academic work and will not tolerate academic dishonesty of others." All students agree to abide by this code by signing the initial UGA Admissions Application.

Any member of the University community who has personal knowledge of facts relating to an alleged violation of this policy has a responsibility to report that alleged violation to
the Office of the Vice President for Instruction as provided in this policy. Required
counsel includes, but is not limited to, participating in a discussion with the student
believed to have violated the policy and truthfully answering questions and providing
documentation of the matter to an Academic Honesty Panel.

**UGA Policy on Persons with Disabilities**
The University of Georgia is committed to its mission of providing equal educational
opportunities and a welcoming academic, physical, and social environment for students
with disabilities. The Rehabilitation Act of 1973, Section 504, provides the foundation
for equal access for students with disabilities. The Americans with Disabilities Act of
1990 further civil rights of persons with disabilities by mandating equal educational
opportunity. These laws guide The University of Georgia in its commitment to serve
qualified students. Students may register for services at the Disability Resource Center,
located at 114 Clark Howell Hall, 706-542-8719, or visit their website at
[http://drc.uga.edu/](http://drc.uga.edu/)

**Academic Probation Policy**
Students of the Terry MSBA program and The University of Georgia Graduate School may be
dismissed by their program at the end of any semester if they have not made sufficient
academic progress to warrant continuance of study.

The MSBA program defines sufficient academic progress to warrant continuance of
study below in its Satisfactory Progress Policy. Academic probation can also cause
adverse consequences to graduate assistantships.

**Satisfactory Progress Policy (3/29/2022)**
MSBAs must complete 33 credit hours at the conclusion of the second semester in the program.

The Terry MSBA program defines “sufficient academic progress” as having earned 33 hours
before the end of the second term (fall and spring). If the student has been placed on academic
probation for any reason for one term, received written communication from the MSBA
program concerning insufficient academic progress, and does not meet the standards outlined
above, the MSBA program reserves the right to prevent the student from enrollment in future
terms and to formally dismiss the student from the MSBA program.

**Dismissal Policy**
The University of Georgia Graduate School maintains the official graduate policy
regarding dismissal of a student from their program of study. Students may be
dismissed by their department at the end of any semester if they have not made sufficient
academic progress to warrant continuance of study. Termination of students will follow
the policies and procedures adopted by the Georgia MSBA program and will be reported
to the UGA Graduate School.

Dismissal of graduate students will follow policies and procedures adopted by the program.
The program must immediately notify the Graduate School of a dismissal. A program may
dismiss a student for:

- Failure to pass comprehensive or other required examinations
- Inadequate academic progress
- Failure to meet program requirements (academic, professional)
o Failure to adhere to the honor code
o Title IX/Non-Discrimination and Anti-Harassment violation
o Research misconduct
o Violation of ethical (professional) standards in program’s handbook (or professional society)

Program dismissal triggers dismissal from the UGA Graduate School, unless the student remains in good standing in another program at UGA. Dismissal by a program may be appealed to the Dean of the Graduate School after all avenues of appeal have been exhausted at the school or college level. This should be completed within 30 calendar days of the decision at the previous level.

If a student is dismissed by a program, they may reapply to the Graduate School for admission to the same graduate program or a different degree-granting unit, unless the dismissal was triggered by:

  o Failure to adhere to the honor code
  o Title IX/Non-Discrimination and Anti-Harassment violation
  o Research misconduct
  o Violation of ethical (professional) standards in program’s handbook (or professional society)

**Graduate School Dismissal.** Students with a cumulative graduate course GPA below 3.0 for two consecutive terms are placed on academic probation by the Graduate School. They then must make a 3.0 or higher GPA (in graduate courses) every succeeding semester until the cumulative graduate GPA is 3.0 or above. If they make below a 3.0 semester graduate GPA while on probation, they are dismissed. When students repeat a graduate course, the last grade will be utilized to calculate the cumulative graduate GPA that is used for probation, dismissal, admission to candidacy and graduation. Grades of S, U, I, and W will not be used in calculating the cumulative graduate average. However, when a grade of I converts to F, this may result in an action of probation or dismissal for the semester in which the conversion takes place, even if the student is not registered for the semester in which it converted.

Students who are dismissed by the Graduate School for academic reasons may appeal the dismissal to the Dean of the Graduate School. The appeal must be submitted to the dean within 30 calendar days following receipt of notice of dismissal. Information concerning the appeal process may be obtained in the Graduate School. Contact gradassociatedean@uga.edu for more information.

**Non-Discrimination and Anti-Harassment Policy**
The University of Georgia is committed to maintaining a fair and respectful environment for living, work, and study. Every member of the University community is expected to uphold the Non-Discrimination and Anti-Harassment Policy as a matter of mutual respect and fundamental fairness in human relations. Every student, staff, and faculty member of the University has a responsibility to conduct himself/herself in accordance with this policy as a condition of enrollment and/or employment.
Detailed information regarding The University of Georgia’s Non-Discrimination and Anti-Harassment Policy can be found at [http://legal.uga.edu/olapol.html](http://legal.uga.edu/olapol.html).

**Grade Appeal Policy**
All grade appeals must be initiated within one calendar year from the end of the term in which the grade was recorded. First, students must appeal in writing to the faculty member of the course. The University Bulletin includes the following statement in its “General Academic Regulations and Information”: “Students are expected to be full participants in academic advising and thus to be both prepared and engaged in the advising experience. The academic landscape changes constantly, and although advisors can provide advice, each student is ultimately responsible for knowing and understanding the degree requirements and policies related to his/her own academic progress.”

IMPORTANT: Petitions based on a lack of knowledge of university requirements are rarely successful.

If the matter is not resolved to the student’s satisfaction at this level, then the appeal should be directed to the MSBA Program Director. If the matter continues to be unresolved to the student’s satisfaction, then the next level of appeal is the Graduate School. The petition of a student should clearly state the grade which the student believes should be assigned to the work or course in question and why that grade is more appropriate than the one which was assigned. Appeals should be in the form of a letter written and signed by the student. Letters should clearly and concisely explain the appeal, state the matter being appealed in the first sentence, and include all relevant information in support of the appeal.
Chapter 4: Program Standards & Expectations

Standards & Support Committee
The Standards & Support Committee is comprised of panel members from the Career Management Center, Office of Student Engagement, and the Admissions Office. It serves as an additional level of support for students who encounter difficulties while in the program that cannot be resolved through appropriate departmental channels. A referral can be brought to the committee through the Office of Student Engagement at any time by any person. The purpose of the committee is to gather information concerning the referral and engage in proactive solutions with the student to enhance performance or behaviors while in the program. Referrals may indicate academic, professional, lack of team participation, or other discouraging behavioral trends in the program needing intervention by administration.

As a Georgia MSBA student and citizen, you are expected to adhere to the MSBA Professional Code of Conduct. This code represents the fundamental values which guide all community and program personnel interactions within Terry College of Business and the University of Georgia. The tenets of the code are: Respect, Integrity, and Professionalism. As you enter the world of business, you are expected to abide by these standards as you develop the work ethic that guarantees a satisfying and rewarding business career. Your work begins here. MSBA students are responsible for maintaining the highest standards of professional practice.

MSBA Professional Code of Conduct
Georgia Analytics students are required to adhere to this code of professional conduct and acknowledge receipt of the program guidebook available through the Office of Student Engagement. This code represents the fundamental values which guide all community and program personnel interactions within Terry College of Business and the University of Georgia. The tenets of the code are: Respect, Integrity, and Professionalism. The following is an outline of program standards and expectations and is not intended to be an exhaustive list. For additional assistance and advice concerning these tenets, please refer to the Georgia Analytics Student Guidebook and then consult staff working on the Georgia MBA Program Standards & Support Committee (Correll Hall, 318).

Respect: Students are expected to demonstrate due regard for the rights, beliefs, time, and traditions of all parties and behave in a thoughtful and courteous manner. All communication and demeanor with faculty, staff members, classmates, employers, and all other campus constituents shall abide by the policies and standards outlined by the Georgia MBA Diversity, Equity, and Inclusion commitment which fosters a welcoming and inclusive learning and working environment while promoting dignity and respect to all parties. This expectation extends to appropriate preparation for scheduled meetings, punctuality, polite manners, and also regular class attendance and participation.

Integrity: The Georgia Analytics program expects honesty in all interactions and communications regarding achievements, availability, and expectations. Commitments are to be honored. This means, for example, that accepted job offers may not be
overturned, and verbal acceptances are binding. Once a job offer is accepted, interviewing ceases immediately, and candidacy for other opportunities must be withdrawn. Reneging on a job offer is unacceptable. Throughout all negotiations, exhibiting integrity asks you to fully protect your professional reputation and the reputation of the Georgia MBA program, the Terry College of Business, and the University of Georgia by keeping all parties impacted by your decisions fully informed of your actions and intentions.

**Professionalism:** Program administration defines professionalism as the practice of integrity and respect in all interactions. It is viewed as the gold standard in behavior that demonstrates a student’s level of competence and skills. This includes punctuality, appropriate attire, demeanor, awareness of audience, respectful behavior, and timely communication in all interactions whether on or off campus. Job offers and refusals should be handled over the phone or in person after consultation with the CMC team to ensure a faithful representation of your job candidacy.

**Violation of Professional Code of Conduct**
Failures to abide by this Code of Professional Conduct are considered a breach of responsibilities to the MBA Program, the Terry College, and the University of Georgia. The consequences for violating the code of conduct can range from a warning, to suspension of participation in career-related activities. The consequences exist to reinforce to internal and external constituents the Program’s commitment to high standards of ethical conduct. I further understand that, based on the seriousness of the infraction, the situation may be escalated to the Full-Time MBA/MSBA Standards and Support Committee.

*These guidelines apply to the recruiting process as well as interactions with internal UGA constituents.*

**Recruiting Process**
Interviews may only be canceled with CMC permission at least two full business days in advance.

Job offers are to be addressed directly with the person in the organization with whom the student has the strongest relationship. Job offer refusals are to be handled over the phone or in person, not via email.

Accepted job offers may not be overturned, and verbal acceptances are binding. Once an offer is accepted, interviewing elsewhere is to stop, and candidacy for other opportunities must be withdrawn. Accepting an offer creates a binding agreement between the student and the employer. Throughout all negotiations, students are to keep the CMC staff fully informed.

Violations of job acceptance policies subject the student to the suspension of recruiting privileges for the current academic year and, if the violations occur after the end of the recruiting process, to the suspension of recruiting privileges for the subsequent academic year or for alumni for a five–year period, as appropriate.
**Expectations for Finding a Post-Graduation Position**

Although every effort is made to ensure students have access to posted positions, it is ultimately the responsibility of the student to secure a post-graduation position via networking, previous internship experience, job postings, and other avenues. The Career Management Center brings recruiters and companies to the Terry College of Business campus, as well as plans company trips and visits for students. Notice of job opportunities are distributed via email and posted on Handshake.

**Resumes**

A resume is a marketing tool which summarizes the most relevant parts of your background and emphasizes the transferable skills that apply to your targeted industry or function. Think strategically about how you position yourself on your resume. Your resume should not be used as a job description or "data dump" where you include every responsibility or even every accomplishment. Rather, everything on your Resume should be value-added and speak directly to your future employer/industry. At the same time, the Resume needs to provide an accurate description of your background without going into depth about irrelevant duties.

You should begin thinking and working on your resume before you arrive on campus. The Terry College of Business has a specific resume template that is used. Students are provided the specifications and an example prior to orientation. Once classes begin, you will have opportunities to refine your resume with a Career Advisor.

**UGA Resume Format**

Students are required to use the UGA MSBA format for resumes that will be shared with prospective employees via either the Terry College of Business MSBA Resume Book, other online resources, or Handshake. Complete directions and resume template will be provided to students by the Career Management Center.

**Classroom Expectations**

**Dress**

As a general rule, students typically dress casually for class. *Casual dress* is defined as shorts, t-shirts and/or jeans. There may be instances where students will need to dress in business casual for class guest lectures, presentations, and/or on-campus events.

**Business casual** is defined as:

**Men:**

Dress slacks or khaki pants with a collared, button-down dress shirt. Tie and sport coat are optional.

**Women:**

Dress slacks or skirt with a blouse or collared, button-down dress shirt. A professional dress may also be worn.

**Business professional** dress will be required of students for interviews, networking events, corporate trips, and tours, as well as other functions throughout the school year. Students will need to own at least one well-fitting business suit, preferably dark in color, prior to the start of MSBA Orientation.
Tardiness
MSBA students are expected to arrive for classes, events, team meetings, and appointments on time and ready to contribute. Professors may choose to decrease the grade of students with excessive tardiness as outlined in the syllabus.

Missing Classes
It is the responsibility of the student to adhere to class schedules and attend required classes. Students are responsible for notifying the professor of an absence, as well as taking necessary measures to make up the missed material.

Exact policies on absences for each class will be outlined in the specific course syllabus provided to students in eLC at the beginning of each course. Professors may choose to decrease the grade of students with excessive absences or even drop them from or failure of the course, as outlined in the syllabus.

Class Participation
Class participation and group participation is encouraged in all classes when appropriate to the content of the course. However, talking during class and disrupting the learning environment of other students is unacceptable. Students talking excessively and disrupting others may be asked to leave the classroom and disciplinary action may be taken.

Events
RSVPs
It is the responsibility of each student to confirm their attendance at events held at Terry throughout the year. Events may require a fee to confirm attendance; instructions for registering for specific events may vary. This information may be communicated via different avenues including email, Facebook, etc. When a student has RSVP’d, they are expected to attend the event and participate.

Travel
Travel costs to and from events such as national career fairs, company treks, case competitions, etc. is the sole responsibility of each participant. Students should budget for the total cost of lodging, food, transportation, registration fees, and social activities prior to committing to the trip.

MSBA students are not reimbursed for CMC travel expenses.
Chapter 5: Resources

Terry DEI Statement
The Terry College is committed to promoting diversity, equity, inclusion, and belonging among its students, faculty, and staff. This class welcomes the open exchange of ideas and values freedom of thought and expression. This class provides a professional environment that recognizes the inherent worth of every person. It aims to foster dignity, understanding, and mutual respect among all individuals in the class.

For more information, visit: https://www.terry.uga.edu/about/diversity

UGA Student Organizations
For more information on campus-wide student organizations, please visit: https://grad.uga.edu/index.php/current-students/student-organizations/

MSBA Student Resource Course in eLC
As you enter the program, you will be added to the MSBA Student Resource Course located in the Electronic Learning Commons (eLC). Along with your academic courses, this resource course serves as a method to stay engaged with our office through course announcements and houses many campus-wide resources opportunities to better support you during your time in the program. This course is a one-stop shop for you to stay fully connected with our office besides stopping in to see us!

International Student Resources
The department of International Student Life enhances the student-learning environment through programs and services that internationalize the campus experience. Through transition, support, programming, outreach, engagement, and leadership this department fully supports international students. More information found at: https://isl.uga.edu/.

The Office of Global Engagement is also an excellent resource for international students concerning immigration services and international initiatives. More information found at: https://globalengagement.uga.edu/.

Student Care & Outreach
The mission of Student Care & Outreach is coordinate care and assistance for all students, undergraduate and graduate, who experience complex, hardship, or unforeseen circumstances by providing individualized assistance and tailored inventions. More information found at: https://sco.uga.edu/.

Disability Resource Center
The Disability Resource Center’s primary commitment is to assist the University of Georgia in educating and serving students with disabilities who qualify for admissions. Their mission is to ensure equal educational opportunities as required by the ADA and other legislation. The DRC strives to promote a welcoming academic, physical, and social environment for students with disabilities at UGA.

The Disability Resource Center assists the University in fulfilling its commitment to educate and serve students with disabilities who qualify for admission. The Disability Resource Center, DRC, coordinates and provides a variety of academic and support services to students. Our
mission is to promote equal educational opportunities and a welcoming academic, physical, and social environment for students with disabilities at the University of Georgia. If you are a new or current student seeking services at the Disability Resource Center (DRC), we look forward to meeting with you! On the DRC website, www.drc.ugs.edu, you will find information about the accommodations and services we coordinate for UGA students who have disabilities. The site will give you a picture of who we are and our programs and services. You can register with the DRC at any time, although we encourage students submit their information as early as possible. Once everything is submitted, the process to evaluate the application can take around 1-4 weeks, so the earlier you submit the application, the earlier we can begin that process. All information provided to the DRC is confidential. More information can be found here: https://drc.uga.edu/.

**Student Veteran Resource Center**
Founded in spring 2013, the Student Veterans Resource Center (SVRC) serves as a central location for information about the university’s services for student veterans while also offering support, advocacy and a convenient location for student veterans to gather throughout the day. The center is located on the fourth level of the Tate Student Center.

The center’s strength lies in its established relationships with almost every office at UGA and with many service organizations across the region. The SVRC markets these services while keeping student veterans informed through weekly communications.

SVRC provides a convenient point of contact for student veterans, a service desk staffed by veterans, an evolving network of partnerships working to improve services and programs, a comfortable lounge, and a community for student veterans. A range of diverse opportunities enables student veterans to meaningfully engage with the University and the surrounding community. More information found at: https://svrc.uga.edu/.

**Mental Health and Wellness Resources**
If you or someone you know needs assistance, you are encouraged to contact Student Care and Outreach in the Division of Student Affairs at 706-542-7774 or visit https://sco.uga.edu/
They will help you navigate any difficult circumstances you may be facing by connecting you with the appropriate resources or services.

UGA has several resources for a student seeking mental health services or crisis support
https://www.uhs.uga.edu/bewelluga/bewelluga
https://www.uhs.uga.edu/info/emergencies

If you need help managing stress anxiety, relationships, etc., please visit BeWellUGA (https://www.uhs.uga.edu/bewelluga/bewelluga) for a list of FREE workshops, classes, mentoring, and health coaching led by licensed clinicians and health educators in the University Health Center.

Counseling and Psychiatric Services (CAPS) is your go-to, on-campus resource for emotional, social and behavioral-health support: https://caps.uga.edu/, TAO Online Support (https://caps.uga.edu/tao/), 24/7 support at 706-542-2273. For crisis support: https://healthcenter.uga.edu/emergencies/.

Additional resources can be accessed through the UGA App.
UGA Health Center
University Health Center serves as a safe space and central resource for the UGA campus community regarding physical, mental health & wellness. Below are several ways to access your resources:

All Students are assigned a primary care provider home (PCP). Students can make appointments with their PCP for many reasons:

- illness or injury
- referral to other specialists for specific health needs- including our in-house Lab/Radiology
- wellness checkups and physicals for classes or programs
- questions about general health, sexual health, health goals, stress and mental wellness
- Free workshops/classes/Health coaching lead by licensed clinicians or health educators to provide students with tools to manage stress, anxiety, relationships, social etc. Visit BeWellUGA for a list of offerings available.

- Counseling and Psychiatric Services (CAPS)
  CAPS is located on the 2nd floor of the Health Center and is dedicated to student mental health and well-being. CAPS offers:
  - Short-term individual counseling
  - Group Counseling
  - Free workshops(BeWellUGA)
  - Consultation to student leaders, faculty and staff
  - Psychiatric services- to monitor medications
  - Crisis intervention
  - Referral assistance to other providers, both on campus and in the local community.
  We are open from 8:00 a.m. to 5:00 p.m., Monday through Friday. For more information about CAPS services, please call 706-542-2273 or see our website www.uhs.uga.edu/caps.

For after-hours emergencies call 706-542-2200 (UGA police) and ask for the on-call clinician.
- UGA campus has several resources for a student seeking mental health services and/or crisis support.
- Student leaders, UGA Faculty or Staff may schedule for their group, a wellness program or training with a health educator or licensed clinician through the UHC program request.

The UGA Libraries
Homepage: http://www.libs.uga.edu

UGA has the largest library in the state, with 4.6 million books, and access to thousands of journals. All print resources at any state school in Georgia are available to UGA students through online request, as well. Library buildings on campus include:

- Main Library on North Campus: humanities, social sciences, business, and DigiLab;
• **Science Library on South Campus**: science, technology, agriculture, and Maker’s Space;
• **Miller Learning Center**: online library resources and recording studio;
• **Special Collections Library**: rare books, manuscripts, media archives, and many exhibits.

For college-level research projects and papers, your instructors will expect you to use *published scholarly* resources and *critically evaluate* all sources.

The MyID and password will grant access to all our databases, e-books, and library accounts online, from anywhere.

“Chat with a librarian” on the library home page provides immediate research assistance and sign up for a research consultation with a librarian at [http://www.libs.uga.edu/contact/consultation_request](http://www.libs.uga.edu/contact/consultation_request).

**Counseling and Psychiatric Services (CAPS)**
CAPS is dedicated to student mental health and well-being. We support students in achieving both academic and personal life goals. CAPS offers:
- Short-term individual counseling
- Groups and workshops
- Consultation
- Psychiatric services
- Crisis intervention
- Referral assistance to other providers, both on campus and in the local community.

CAPS is located on the second floor of the University Health Center. We are open from 8:00 a.m. to 5:00 p.m., Monday through Friday. For more information about CAPS services, please call 706-542-2273 or see our website [www.uhs.uga.edu/caps](http://www.uhs.uga.edu/caps). For after-hours emergencies call 706-542-2200 (UGA police) and ask for the on-call clinician.

**The UGA Writing Center**
The Department of English operates the UGA Writing Center in Park Hall 66 as a resource for students looking for help with writing. Undergraduate students, whether in an FYW course or not, are welcome to use its services anytime during their careers at the University of Georgia for up to two, sixty-minute appointments per week. Serving students and majors across the campus, the Writing Center welcomes all types of writing, including but not limited to essays, lab reports, application statements, and CVs/resumes. Common reasons for utilizing the Writing Center include help with content development, overall organization and flow, thesis creation, source evaluation, and citations.

The Writing Center operates at two additional locations:
1. Science Library, Room 201. Students with writing for science classes often seek assistance at this location from a Writing Intensive Program consultant with a background in science writing.
2. Online consultation service for all-purpose help.

For hours, policies, and scheduling for all locations, see the Writing Center’s scheduling website at: [https://uga.mywconline.com](https://uga.mywconline.com). For general information see the Center’s website:
http://writingcenter.english.uga.edu/. Schedules for the Writing Center are posted by the start of the first week of each academic semester. The Writing Center accepts drop-in clients if no students are scheduled for the desired walk-in time, but scheduling an appointment is the most reliable way to meet with a Writing Center consultant.

**Computer Requirements**
Terry students are required to own a laptop computer. The portability of a laptop facilitates teamwork and enables students to acquire mobile computing skills.

You will need the most recent version of Microsoft Office. Students can install Microsoft Office 365 ProPlus for free through the Student Advantage program. See the Laptop Recommendations page, [http://terry.uga.edu/oit/laptops.html](http://terry.uga.edu/oit/laptops.html) for links to the most affordable Office Suite options. Students are eligible for extremely reduced pricing, so please take advantage of these offers. You will not need Microsoft Access for class use. There may be additional software that will be provided for you to install in some classes, so you will need to make sure that you have available hard drive space.

**On Campus Computing Resources**
Students have access to various computing resources, including:

- **UGA EITS** – [http://eits.uga.edu](http://eits.uga.edu), 706.542.3106, helpdesk@uga.edu
  Enterprise Information Technology Services (EITS) is the University of Georgia’s central IT organization. They provide computing resources to the entire UGA community, including email, web space, and help desk services for students, staff, and faculty.

- **Terry College OIT Help Desk** – 706.542.6799, help@terry.uga.edu, [http://www.terry.uga.edu/oit](http://www.terry.uga.edu/oit)
  The Terry College of Business has an Office of Information Technology (OIT). OIT provides Terry’s servers and classroom technology as well as help desk support for faculty, staff, and students. They cover all Terry College buildings: Brooks, Caldwell, Correll, and Sanford Halls, as well as the offices in the Bank of America building and the Terry Executive Education Center in Buckhead.

Computer Security Requirements
Keeping your laptop **safe and secure** ensures not only that you have a stable platform to rely on, but also that you help protect others on the Terry and UGA network. Terry OIT will be happy to consult with you if you have any questions about keeping your laptop secure. EITS reserves the right to block any machine from the network if it is infected with a Trojan or other virus. Don’t let this happen to you!

UGA Computer Use Policy Statement:
http://eits.uga.edu/access_and_security/infosec/pols_regs/policies/aup

*Very important: You will be held accountable for understanding this policy regarding the responsible use of computers at UGA.*

Security Tools
Microsoft Security Essentials, 2http://www.microsoft.com/security_essentials/
Windows Updates http://windowsupdate.microsoft.com
Office Updates http://office.microsoft.com/officeupdate

Antivirus Software
Any machine that connects to a University of Georgia or Terry College network is required to have antivirus software running with up-to-date definitions. If you do not already have anti-virus on your machine, UGA’s EITS suggests installing Microsoft Security. You may want to install a strong anti-spyware tool like Ad-Aware, SpyBot, Malwarebytes or SuperAntiSpyware.

Best Practices to Keep your Machine Secure
- **Windows Updates**: Run this often if you do not choose to set it to run automatically. Automatic updates are strongly recommended.
- **Office Updates**: Check for these often – more often if you are using Outlook for email.
- **Say NO to Freeware**: Be VERY careful in what you choose to download and install. Often innocuous-looking software can install spyware or open security holes in your machine without your knowledge.
- **Say NO to most free file-sharing software**: This type of software is illegal, unethical, against UGA’s Computer Use Policy and can cause multiple problems on your machine.

*Terry OIT and UGA’s EITS reserves the right not to support any machine running illegal sharing software and to restrict access to the network for any machine broadcasting spyware or other disruptive services.*

Wireless Network Information
You can gain access to the wireless network by authenticating via your UGA MyID and password.
All MSBA students are required to read and agree to the Professional Code of Conduct and acknowledge receipt of this guidebook resource. A signed electronic copy of the Code of Professional Conduct and Guidebook Acknowledgement Form must be submitted to the Career Management Center.

The Professional Code of Conduct and Guidebook Acknowledgement Form is available for signature at the following link: https://ugeorgia.ca1.qualtrics.com/jfe/form/SV_9uGg01QVI4QKBrU.
