 - i. Terry has had a great year, Spring graduating class 10,000+ students (only about 300 short of Franklin College)
 - ii. 13 of our programs are top 10; Employment rates have been very strong for our undergraduate and graduate programs.
 - iii. Expecting a 2-2.5% student enrollment growth over the next several years.

- iv. Fall 2026 Terry increased 8% in undergrad enrollment and 5% in graduate enrollment
- Terry's 5-year Strategic plan:
 - i. UGA's 5-year Strategic plan was recently released, and Terry's 5-year Strategic plan is in the drafting process. Expect townhalls to be advertised towards October and November. Terry's 5-year Strategic plan to be publicly released in Spring 2027.
 - 1. Current launching pad of the plan:
 - a. Three focus points: Student Success, Research & innovation, and Community impact.

 - ii. A priority is working towards expanding our College and Career Advisors
 - iii. The college doesn't have the authority to grant raises (cost of living/ merit raises) this is up to legislatures and Board of Regents.
 - iv. Document how enrollment growth could be changing the day-to-day job. Sometimes reclassification could be possible but aren't moving quickly within UHR because of due diligence and criteria to satisfy.
 - v. Staff Advancement and Development Grant program will be calling for applications later this Fall. The purpose is to provide funding for training that enhance performance and career progression.
