

CRISIS COMMUNICATION THINK TANK

Empowering Leaders: How to Excel Through Crises with Proven Strategies

OVERVIEW

Join us in **Atlanta** for this in-person program that focuses on strategies and principles exemplifying excellence in crisis management and leadership and guidelines to identify and navigate proactive and resilient strategies that emerge amidst a crisis. The program supplies participants with the knowledge, skills and efficacy to lead through crises, influence stakeholders, leverage resources, and enhance business processes. Additional case studies, peer-to-peer learning, and a simulation exercise improve individual and team performance.

CAREER IMPACT

- Sharpen decision-making and communication skills before, during, and after a crisis
- Build goals and benchmarks to navigate your organization through uncharted territory
- Learn to make effective decisions to sustain operations, limit liability, and protect an organization's reputation during crises
- Use collaborative insights from simulation exercises to learn from peer networks
- Guide others successfully through organizational and professional change

TOPICS

- Business and Strategic Communication
- Law and Risk Management
- Public Affairs
- Disaster Management
