State

Smart Cities, 01 Jul 2019–30 Dec 2021

The Augury Square: Advisor in the Design a Next Gen Smart City in Urban Atlanta with a technology incubator at its core using work done by Open Range Capital Partners

Campus / Department

Anthropology Department PhD Program Revision, 20 Jun 2022–05 Aug 2022

The Anthropology Department at the University of Georgia desired to update its PhD program to better position itself for student recruitment and placement. We applied the tools of Design Thinking over several workshops that ended in a new program proposal to the full faculty that adopted in August 2022

Warnell School of Forestry - Webinar Enhancements, 17 Jan 2022–02 May 2022

The Warnell College of Forestry at the University of Georgia “Webinar Portal,” that began in 2012 consists of wrap-around services for webinar delivery that automate much of the services. We curated/recruited five students with an entrepreneurial and critical thinking mindset to develop an upscaled business plan.

Campus Educational events

Corporate Experience

DC Consulting: Advisory Roles

1996-Present

- Advisor to a startup Venture Capital Fund (ORCP) and new Innovation Hub (incubator)
- Advisor to a startup fund for Smart City Development (Augury Square)
- Research Project funded by the Department of Energy assessing Startup Clean Tech Energy Finance
- Advised Multi National on Microgrid Business Model Development
- Worked as startup CFO on a Bio Mass project in Sri Lanka;
- Drafted sophisticated business plans and provided business models, including startup financing
- Started up 8-person healthcare consulting firm
- Developed international sales channels and supply chains
- Led introduction or expansion of new product lines
- Opened regional business office's overseas
- Obtained working capital and debt financing for multiple firms
- Led acquisitions; sold to Fortune 500 firm
- Designed new pricing models
- Mentored key personnel

BOOZ, ALLEN & HAMILTON, Researcher

2016-2017

Provided advisory services to the Department of Energy, Advanced Research Projects Agency – Energy
This role comprised of conducting qualitative research on funding imbalances to seek out new mechanisms for funding long tail energy technologies. Services included written RFI from innovators, investors and incubators as well as semi structured interviews with selected respondents. The process culminated with running a workshop, presenting findings to ARPA-e leadership and writing an industry white paper (not yet released to the public)

EDRICH LLC, Principal

2015-2016

Edrich is a merchant bank and business strategy consultancy specializing in the renewable energy and Financial Services Sectors

Provided advisory services to a MNC in the energy sector (Eaton Corporation) with an emphasis on designing innovative financial models for scaling microgrids, primarily via new products and technologies

ENGENDREN CORPORATION, COO

2011-2014

Industrial heat exchangers, fabrication, and data center cooling

As part of a three-person executive leadership team reporting to the CEO, developed and led several strategic initiatives, including product pricing models, operation cost reductions, an international sales program, redesign of facility to accommodate vertical integration, and customer data center technology upgrades. A core aspect of this position was managing strategic partnerships including several major participants in global power generation

UNIFIED EQUIPMENT RESOURCES, CFO / COO

2003-2011

Construction equipment and related products and services

Reporting to a passive ownership group, led the firm to improved banking, auditable financials, higher product sales, new and expanded aftermarket programs, additional service centers, and management team mentoring. A key aspect of this position required nurturing of customer alliances, particularly large publicly traded rental companies, while maintaining a strong relationship with a global equipment manufacturer as their number one North American dealer.

ERG RESOURCES GROUP AND AFFILIATES, CFO**1998-2002***Power generation equipment, related products and services*

Reporting to ownership, led sale of company to Fortune 500 firm. Started up a new and successful product lines, led multiple acquisitions and spearheading new aftermarket recurring revenue streams. A critical responsibility was maintaining an innovation minded relationship with a leading power generation manufacturer as its number one dealer while fostering collaboration with the largest telecommunications firms in North America.

FUNCTIONAL REHAB HEALTHCARE AND PREDECESSORS, CFO**VARIOUS PRIOR ACCOUNTING & FINANCE POSITIONS****COLLEGIATE INTERNSHIPS: General Motors (WI), Amoco/Standard Oil Dealerships (WI)****COMMUNITY & AFFILIATIONS****2016 - 2017** CherYsh America Foundation, Program Advisor**2012 - 2016** Advisory Board Member, Gateway Technical College**2015 - 2016** Board member/Treasurer, Angels Youth Football Association**2009 - 2011** Served on Finance Committee of Phi Kappa Phi (Lifetime Member)**2010 - 2011** Board member, Associated Equipment Distributors**2008 - 2009** Board member of youth home near Savannah, Georgia
