**JIWON PARK**

Director, Career Management Center (CMC)

*“Each year, the CMC strives to help our students realize their goals, working as partners in their career journey. In many cases, the goals they bring are unique, often driven by making an impact in their organizations and the world. The careers team offers an equally distinctive difference in how we serve our students with coaches from various backgrounds, with different styles and strengths, allowing each student to find their favorite advocate based on their styles and goals. We are proud to share in their successes and hope to earn the opportunity to work with you.”*
